

COVID POLICY UPDATE:

- *NJ HAS ALLOWED AN INCREASE TO 100% CAPACITY AS OF MAY 19.**
- *NJ HAS LIFTED THE MASK MANDATE AND IT IS NOW OPTIONAL IN NJ TO WEAR A MASK AND IT IS A BUSINESS DECISION DEPENDING ON THE INDUSTRY AS OF MAY 28.**
- *THE DISTANCING REQUIREMENTS HAVE ALSO BEEN LIFTED IN NJ FOR INDOORS, 6' IS NO LONGER REQUIRED AS OF MAY 28.**

- Beginning on June 14 (when recreational camps and classes begin at Aeon for summer) - masks are optional for all students and coaches in Aeon TC #1 and TC #2.
- We recommend sending your student in with a mask if they intend to wear the mask throughout the entirety of the practice. We recommend you do not send them in a mask if you do not want them to practice in it. Please know our coaches are not responsible for monitoring mask use. We respect each family's decision.
- Temperature checks at the door are no longer required but we do require everyone to still check in with the: date, full name, program, and time (we need a record for each athlete and coach daily).
- We are still avoiding activities with close proximity including eating and direct physical interaction which is still not permitted between athletes.
- Please remember: the lobby areas are still not in use in Training Center #1 & Training Center #2 for any parents, guardians, family members, etc. to keep our capacity down and avoid large crowds and gatherings in both facilities (other than making a purchase in our pro-shop in TC #2). Drop off and pick up is still required.
- Please know safety and health is important to us and we will continue to do our best following NJ and CDC guidelines for our specific industry. We will continue to clean and sanitize with our same procedures and high standards.
